## December 2017 Newsletter

If you ask almost any child what they enjoy the most about Christmas one of the first answers will be “Presents!” **Like many traditions we find ourselves doing things but don’t fully understand why.** The reason we give presents on Christmas is in remembrance of wise men delivering presents to Jesus Christ on the first Christmas. It is not fully known how many wise men actually showed up bearing gifts. It is tradition to assume that it was three men because it was three gifts that were delivered. However, it is not known the number of wise men that came. All that is known is that more than one wise man arrived with three symbolic gifts.

Each gift was significant in foretelling who Jesus was. Frankincense was burned in the temple representing the worship of Jesus as God. Gold was the gift of a King representing Jesus as the King of Kings. Myrrh was a deodorant used to put on dead bodies, representing the sacrificial death of Jesus for the sins of humanity. So this Christmas as we participate in the tradition and open our sweaters, books, and bicycles let’s remember what it is in remembrance of.

**As a reminder Salina Concrete Products (SCP) will be closed for business from 12:00 - 5:00 on 12/22 and all of December 25<sup>th</sup>.**

**A trend that continues to gain traction is the use of Thin Brick.** Thin brick do not require a footing. As a result they can be easily retrofitted to transform an existing space. The old world feel and the sense of security that masonry provides have been embraced by customers. Thin brick is commonly found in restaurants, meeting rooms, and offices. Homeowners have used them in places like kitchens, accent walls, bars, “man room’s”, and wine cellars. SCP represents many brick companies such as KBT, Cloud Ceramics, Sioux City, and Hebron Brick which have a full line of thin brick available for order. SCP staff is in the process of selecting a color pallet of stocking colors making them easily accessible for you and your customers. With this said the staff of SCP would greatly appreciate your insights on what colors and blends you would most prefer to have in stock for instant availability.

We at SCP consider your business as a true gift. We realize that you have many options for suppliers and so the gift of your business is greatly appreciated. **All of us at SCP wish you the Merriest Christmas this year.**

Best Regards,

Peter Browning  
General Manager
